

# JLU Winter University

in International Human Rights Law and  
International Humanitarian Law

## Take part in the 2nd Online Winter University 2023

The title of the course this year is "*Humans Rights Law and Humanitarian Law: Gender Perspective*" and for example topics such as *reproductive rights, gender equality, gender-based violence, specific protections for women, and gender in international criminal law* will be discussed during the program.

The first week of the course will consist of *introductory lectures* on international humanitarian and human rights law, and *subject-specific* issues will be mostly discussed during the second week.
